**DECLARATION IN SUPPORT OF ARREST WARRANT
(2 Page Limit Except in Unusual Cases)**

The undersigned, John Candias, declares that he/she is a Detective (title) employed by the Rialto Police Department - FBI JTTF in the County of Riverside. That he/she has investigated a reported crime of Possession of an unregistered assault weapon 30515 / 30605 PC. That he/she, on information and belief, alleges and states the following to be true:

I (Officer J. Candias) am assigned to the FBI-JTTF – Riverside where I investigate national security matters, including domestic terrorism and international terrorism cases. The information obtained in this investigation is a result of an active JTTF domestic extremism case on captioned subject Alfredo Luna Jr DOB 09/09/1979 (2660-LA-3370024, THREATS TO INAUGURATION 2021). It is coupled with an active CA state Firearms and Ammunition Gun Violence Restraining Order - EPO (CVPS 2100065) filed with Superior Court of California, County of Riverside, Riverside Civil Division on 01/13/2021, Judge Sykes and a state search warrant (RI 0113202122) obtained on 01/13/21 from Riverside Judicial Court. The GVRO and search warrant were served at Lunas's residence on 01/15/21. During the search warrant, Luna was found to be in possession of one (1) unregistered assault weapon (rifle) in violation of Penal Code Section 30605(a) (1). During an interview, Luna stated the rifle was his and he purchased it from a co-worker (officer) when he worked for Cathedral City Police Department.

See attached for additional information.

Wherefore, declarant prays that an arrest warrant issue for the arrest (during the day or night) of:

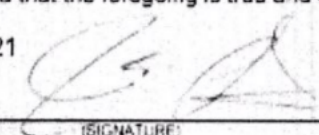

Alfredo Luna Jr DOB 09/09/1979

ATTACHMENT – DECLARATION IN SUPPORT OF ARREST WARRANT

INVESTIGATION DETAILS:

On 01/15/2021, I, John Candias, FBI-Task Force Officer and members of the JTTF - Riverside Field Office conducted a search warrant at Luna's residence. During an interview, Luna admitted to the aforementioned social media posts and said he is an adherent of the QAnon conspirator movement and the three-percenter (3%) militia group.

An Automated Firearms System (AFS) query identified Luna as the current recorded owner of the following firearms:

1. Springfield Armory, 9mm Pistol, semi-auto, model XOS, SN: S3824682
2. J.P. & Sons, 9mm Pistol, semi-auto, model P320, SN: 58A001230
3. Remington Arms, Cal .308 Rifle, model 700 SPS TAC, SN: RR810796
4. FNH, .45 Pistol, semi-auto, model FN45, SN: FX3U007473
5. Smith and Wesson, Cal .38, Revolver, model 652, SN: CPV4169
6. Heckler & Koch, Cal .40 Pistol, semi-auto, model USP40, SN: 22098710
7. Sig .45 Pistol, semi-auto, model P220B, SN: G328988 (**note this firearm was not located at Luna's residence at this time. Numbers 1-6 were identified and seized.

During the search of Luna's residence, all of the above stated firearms (1-6) were identified, collected, and seized pursuant to the court ordered temporary Gun Violence Restraining Order - EPO. In addition, the following firearm was discovered underneath Luna's master bedroom bed: Smith and Wesson, assault rifle with EO-tech optic, TLR weapon light, model: M&P 15, SN 16842.

I asked Luna if he completed a legal transfer of any and all of his firearms and Luna stated "Yes."

I then showed Luna the Rifle found under his bed. When asked, Luna stated, "yes, that's mine." Luna said he bought the rifle from a coworker at Cathedral City Police Department a few years ago. I asked Luna if he remembered the name of the Officer that he bought the rifle from, Luna stated he did not remember his name. I asked Luna if he applied for an assault weapon registration. Luna stated he could not remember.

I queried the Automated Firearms System (AFS) system on the rifle serial number, there was no record on file. I examined the following firearm at Luna's residence: Smith and Wesson, assault rifle with Eotech optic, TLR weapon light, model: M&P 15, SN 16842 and I determined the firearm met the definition of an assault weapon pursuant to PC 30515. Below is an examination of the assault weapon.

I examined and photographed the rifle, a Smith and Wesson, AR-15 with Eotech optic, TLR weapon light, model: MP&15, SN 16842, black in color. The rifle's lower receiver was marked as a Smith and Wesson, Model M&P 15, Serial # 16842. The rifle's chamber appeared consistent in size and shape with a .223 or 5.56mm chamber, and the barrel was marked 5.56 (indicating the barrel was chambered for the 5.56mm NATO round (5.56x45mm). The rifle's barrel was rifled, and was unobstructed. The rifle's gas tube appeared to be intact, and I could see what appeared to be a complete and functional bolt assembly. I did not see any parts missing from the rifle, internally or externally. The rifle had a two-position fire selector switch, which is consistent with a semi-automatic AR-type rifle. The rifle function tested as a semi-automatic rifle. The rifle had a telescoping stock, a pistol grip that protrudes conspicuously beneath the action of the weapon, and an adjustable forward pistol grip. I found that an ammunition magazine was removable by activating the magazine release button located on the right side of the receiver with my aided finger (old bullet button). Based on the above information and my training and experience, it is my opinion that being a semi-automatic, center-fire rifle that has the capacity to accept a detachable magazine (not a fixed magazine), has a telescoping stock, a pistol grip that protrudes conspicuously beneath the action of the weapon, and an adjustable forward pistol grip the rifle seized meets the statutory definition of an assault weapon. My report was reviewed by Special Agent Manny Parra (CALDOJ), (951) 202-0524. Agent Parra advised he will complete a supplemental report for violation of CA Penal Code sections 30515(a)(1)(A), (C), and (F), 30605(a)(1), Possession of an unregistered assault weapon.
