We received your Medical Request Form. Appointments including Xrays are always subject to be rescheduled due to a variety of reasons. I spoke with the provider who saw you and put in the X-ray order. She assured me that this X-ray is regarding a chronic issue and is not at all urgent. We have rescheduled your X-ray appointment, but again please be aware that appointments may get rescheduled. If you get released or transferred before getting an X-ray, our provider says that you are welcome to get imaging elsewhere at your convenience.

Respectfully,
Medical
