**Ref: Remove my personal information from this site ASAP**

I am asking that Copblaster.Com remove my name from your website ASAP. I am receiving threats; I have had my reputation ruined by this damm site and my two kids have been harassed over my name being on Google with this site. If anything happens to myself or my two kids, there will be a heavy price of one hell of a lawsuit filed against this company. I never lived in Meade, Kansas. I have filed police reports on being stalked, harassed and threatened. I was told to write this company and request my name be removed ASAP. So now this is a letter that will be filed on behalf of myself. If my name is not removed, then I will retain legal advice in case something happens to myself or family. This is not a joke when I have been through hell over this. I live in Wichita, Kansas, not Meade, Kansas. This is sad that a person must be harassed and my kids because of this kind of publicity. If legal action is needed, then please write me back and I will then seek it. I can only pray to God that nothing happens to my kids over this because people out there hate Police and others. There are reports made with the Police and now I am writing this company to ask that my name be removed for my safety, my reputation and welfare.

My information is below:
