04/19/20 10:38 AM	No	Non-essential business is open	Maxim Wireless	Other	Cellular Network Services	1140 5th Ave NW	Cap Harbor	I am concerned as to why this establishment is still open during this time. I would not deem it as essential. The employees are only given about 1 hour each to wear each day and then leave. They are properly being taken care of for the amount of time they are being exposed to the virus. If more of the phones are ever going to be on display, these will have to do basic customer service and selling product. It's definitely possible to do over the phone or online like the rest of the world right now.	Jackson Bennett	Bennett.jackson1@yahoo.com	2086114747

They are not on the essential functions list from what I see. Also I believe they are encouraging their workers and clients by sending the day home precautions. Cleaning people's personal homes isn't an essential service and doesn't become one just because they have added an extra sanitation step to their service. Some of their workers have expressed their love to go back and have been let go as a result.	Catherine Smith	cdshub@bhamnet.com	2061795378

Katie Moore had all of her sales team they were being greeted with the exception of the sales managers and not her 7 sales managers. Katie wants them there to still sell cars. Katie said she required them to be there 7 days a week, but the next day she changed it to Monday through Friday. Customers want to come in and buy cars. She is currently allowing all customers to come in and buy cars. She said she will not be there except on Fridays. Katie Moore says all of her sales staff had just her sales managers and finance managers and she is supposed to be off work. And the boss Katie Moore keeps saying there when my husband will be into work. Hearing all of this sounds ridiculous to me to be open to the public, who are all selling cars to the public. The only part of her business that is open for her sales department, which is not doing that. 03/20/20 12:20 AM	Nathaniel Keenan	L&L	Non-essential business is open	Starbucks	Restaurant or food service business		8720 NE Columbia	Bellevue	My daughter works at this Starbucks location. She has told me of a number of issues that do not seem to comply with the current guidelines. First and foremost, the fact that Starbucks is allowed to consider themselves an "essential" business is beyond excessive unless you can identify a number of different businesses that are ACTUALLY deemed essential, such as grocery stores and gas stations. I can only be made of home. In addition, three of her managers have been out sick over the last 2 weeks, her shift supervisor, her assistant manager and her shift manager. They all check every bit of stock to record every sale, which has led to them to work at all, and lots of them both being said to have COVID-19 symptoms and cases. This has led to her having to close the store, and all of getting the customers they were in risk, to advise the fact that my daughter had not been able to work of her responsibilities during this time. The store has not been cleaned and sanitized since these managers have been sick.
